## Policy Statement

### The Purpose and Scope of this Policy Statement

EYPUK aims to:

- Provide a platform for young people to express their opinion, engage in discussions with their peers and to make their voices heard in their communities, nationally and across Europe;
- Provide opportunities for young people to meet and engage with others from different backgrounds and cultures from across the UK and Europe;
- Build new skills among young people, preparing them for their future;
- Encourage discussion and help to educate young people on European, national and local issues;
- Develop a strong sense of community and citizenship.

EYPUK achieves its aims by delivering a programme of educational and social events for young people, including our regional and national debating sessions, EurVoice outreach sessions and members' events.

The purpose of this policy statement is to:

- Protect children and young people who receive EYPUK's services from harm;
- Provide staff and volunteers, as well as children and young people and their families, with the overarching principles that guide our approach to child protection.

EYPUK believes that safeguarding and promoting the welfare of children is everyone's responsibility. Thus, this policy applies to anyone working on behalf of EYPUK, including the Board of Trustees, the executive committee, EYPUK members or members of other EYP National Committees attending EYPUK sessions.

### Legal Framework

This policy has been drawn up on the basis of legislation, policy and guidance that seeks to protect children in England, Wales, Scotland and Northern Ireland.

- All children, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have an equal right to protection from all types of harm or abuse.

*We will seek to keep children and young people safe by:*

- Adopting child protection and safeguarding best practise, through our policies, procedures and codes of conduct for both volunteers and delegates.
- Developing and implementing effective online safety procedures.

- Making sure that children, young people and teachers know where to go for help if they have a concern.
- Using our safeguarding and child protection procedures to share concerns and relevant information with agencies who need to know, and involving children, young people, parents, families, carers and schools appropriately.
- Using our procedures to manage any allegations against volunteers appropriately.

- Ensuring that we have effective complaints and whistleblowing measures in place.
- Ensuring that we provide a safe physical environment for our children, young people, and volunteers, by applying health and safety measures in accordance with the law and regulatory guidance.
- Building a safeguarding culture where volunteers, children, young people and their teachers treat each other with respect and are comfortable about sharing concerns.

They are appointed at an Annual General Meeting and have an up to three-year mandate.

EYPUK is obliged by the Policy on Safeguarding Safety and Dignity in EYP to appoint a **National Safe Person (NSP)**, who will be informed on the international welfare and safeguarding policies of the EYP, and who will be the first port of call for any members experiencing EYP-related welfare issues within or without of EYPUK events. EYPUK's DSO may also hold the position of NSP.

Different Codes of Conduct are to be signed by officials and delegates to reflect their differing obligations.

**EYPUK's privacy policy** can be found [here](#).

### ***Types of harm***

**Abuse** is any action that harms or injures another person. It includes neglect and physical, sexual and emotional abuse.

**Neglect** is the persistent failure to meet a child's basic physical and/or psychological needs and is likely to result in serious impairment of the child's development. It may involve a parent or carer failing to provide adequate food, shelter and clothing, failing to protect a child from physical harm or danger, or the failure to ensure access to appropriate medical care or treatment. It may also include neglect or, or unresponsiveness to, a child's basic emotional needs. Non-organic failure to thrive may be a feature or result of neglect.

**Physical abuse** may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer feigns the symptoms of, or deliberately causes ill health to a child whom they are looking after. This is commonly described as 'Munchausen syndrome by proxy'.

**Sexual abuse** involves forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative or non-penetrative acts. They may include non-contact activities, such as involving children looking at, or in the production of pornographic material or watching sexual activities or encouraging children to behave in sexually inappropriate ways.

**Emotional abuse** is the persistent emotional ill-treatment of a child such as to cause severe and persistent adverse effects on the delegate's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued in so far as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on children. It may involve causing children to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of ill-treatment of a child, though it may occur alone.

**Bullying** is unwanted, recurring aggressiveness or behaviour aimed to, or resulting in, victimising, humiliating, undermining or threatening an individual or group of individuals that causes psychological and/or physical harm. Bullying often involves a misuse or abuse of power/authority (whether real or perceived), where the target(s) can experience difficulties in defending themselves. This includes physical, verbal, social/relational, work-related and cyber bullying.

**Harassment** is a form of discrimination that includes unwanted conduct which has as purpose or effect violating a person's dignity, victimising, humiliating, undermining, threatening or creating a hostile, degrading or offensive environment for a person based on their age, race, ethnicity, religion, gender, sexual orientation, family status, marital status, physical or mental disability. Harassment may include but is not limited to verbal, written, physical, intimidatory or sexual harassment, as well as isolation or exclusion from social activities and visual displays such as posters, emblems and badges.

**Sexual harassment** may include, but is not limited to, unwelcome sexual advances, requests for sexual favours, unwelcome efforts or pressure to develop a romantic or sexual relationship, unwelcome commentary about an individual's body or sexual activities, threatening to engage in the commission of an unwelcome sexual act, any form of invasion of personal privacy, unwelcome physical closeness or touching, unwelcome jokes of a sexual nature or based upon (perceived) gender, or sex stereotypes, other verbal or physical harassment of a sexual nature.

**Sexual violence** is any behaviour or act of a sexual nature, or perceived to be of a sexual nature, which is unwanted and takes place without consent or understanding of all persons involved. It includes but is not limited to rape, sexual assault or sexual activity without consent.

### ***Responding to disclosures and concerns***

A **disclosure** is any comment or statement by a child or young person that describes abuse or gives rise to the inference that abuse has taken place. It may be direct or indirect.

**Leading questions** are questions which encourage or suggest a particular answer, such as "did they abuse you?". A non-leading question tends to be open, and can rarely be answered with a simple yes or no answer, e.g. "What happened?"

**Confidentiality** is the practice of not sharing information. Absolute confidentiality (i.e. not sharing the information with any other individual) cannot be promised as anyone hearing a disclosure of abuse must report the disclosure to the relevant members of the Event Safe Team.

A **body map** is a diagram to be included on disclosure forms which indicates where on the body a harmful act has been performed.

**Specialised support** is any support requested or required by an individual following an experience of harm. This may include access to the police, medical professionals or counsellors.

### ***Standards of behaviour***

**Direct discrimination** is deliberately treating somebody unfairly due to their identity.

**Indirect discrimination** is something that applies to everybody which disadvantages somebody from a particular group (e.g. those with a disability).

**Peer pressure** is any behaviour which makes an individual feel that they ought to take part in an activity they don't wish to take part in in order to fit in with the group.

**Unnecessary or inappropriate physical contact** is any physical contact which goes beyond the professional standards expected of representatives of EYPUK. In general, workplace appropriate contact (e.g. handshaking) is allowed, but all other physical contact with those to whom one is in a position of trust is not allowed. For example, officials should not hug delegates.

**Sexual consent** is the practise of freely and enthusiastically agreeing to take part in sexual activity, free from coercion and in full understanding of the behaviour.

All officials are in a **position of trust** to delegates. A position of trust is any position in which you are responsible for the wellbeing of a child and in which they may come to look up to you.

### **Designated Safeguarding Officer**

1. The Board of Trustees of EYPUK are obliged to appoint a trustee as the Designated Safeguarding Officer (DSO). This is in addition to their international obligation to appoint a National Safe Person (NSP), but the same individual may hold both positions;
2. As an EYPUK trustee, the DSO will typically serve for a period of three years. However, the DSO may step down by providing written notice to the Board of Trustees and a suitable replacement must be found. The DSO may also be reappointed to serve for another three years at an annual general meeting of EYPUK if they choose to continue within their trustee role for a second term;
3. The DSO must receive the level of training received by DSOs in other educational environments (e.g. schools). This training must be refreshed prior to the expiry of their certifications;
4. The DSO is responsible for reviewing EYPUK's Safeguarding Code of Practice (including this policy) at least annually, or more frequently in order to bring it in line with any legislative developments;
5. The DSO is responsible for making any final decisions on action to be taken following disclosures or concerns regarding a young person who is in contact with EYPUK. The only exception to this responsibility is when concerns are raised about the DSO themselves, in which case this responsibility falls to the Chair of the Board of Trustees;
6. The DSO should collaborate with other agencies and local authorities in ensuring appropriate steps are taken to protect children and young people in contact with EYPUK. They must attend all relevant meetings and cooperate with authorities by providing information when requested;

7. The DSO is responsible for ensuring all NSPs, Event Safe People (ESPs) and Officials receive appropriate, comprehensive safeguarding training to enable them to act in accordance with this policy.

### **Organisational Considerations**

8. Organising teams of EYPUK events are obliged to:
  - a) Ensure that a minimum of one ESP is appointed at every EYPUK event,
  - b) Ensure that all Officials take part in the safeguarding training organised by the Event Safe Team,
  - c) Ensure that all Officials and Delegates have signed their respective Code of Conduct forms, and that Officials have additionally signed to indicate their understanding of this policy,
  - d) Take all necessary health and safety measures when organising their events, including allowing the possibility for at least 8 hours of sleep, offering sufficient and nutritious food for all dietary requirements, and avoiding any situation that could put the safety of individuals in danger,
  - e) Ask for and retain at least two emergency contacts for every child attending an EYPUK event and at least one emergency contacts for every adult,
  - f) Publicise the DSO's contact information at every event.

### **Responsibilities and Duties**

9. All representatives of EYPUK should recognise their role in supporting delegates' welfare and their responsibilities if they suspect that abuse, bullying, harassment, or any other form of harm is being experienced by a child or young person either within or outside of the EYPUK event itself;
10. Every EYPUK representative is under a general legal duty to:
  - a) Protect delegates from abuse,
  - b) Know and be vigilant in recognising the signs of abuse,
  - c) Be aware of EYPUK's child protection procedures and how to follow them,
  - d) Know how to access and implement the procedures, independently, if necessary,
  - e) Keep a sufficient record of any significant complaint, conversation or event which should be dealt with as set out below,
  - f) Report any matters of concern to the ESP in the first instance,
  - g) Report any matters of concern to the DSO if they feel they have not been dealt with sufficiently by the ESP;
11. The DSO is responsible for ensuring that EYPUK representatives are aware of and are capable of performing their legal duties as outlined by Clause 10.

### **Responding to Concerns**

12. EYPUK representatives suspecting or receiving a disclosure about abuse must:

- a) Listen carefully to the participant and keep an open mind, without taking the decision as to whether or not abuse has taken place,
  - b) Not ask leading questions, i.e. a question which suggests its own answer,
  - c) Reassure the participant that the disclosure will be dealt with privately but give no guarantee of absolute confidentiality,
  - d) Explain who the information must be shared with and offer for the participant to be present in that conversation,
  - e) Keep a sufficient written record of the conversation as outlined below,
  - f) Report concerns to the ESP in the first instance, and the DSO if the ESP has not responded sufficiently, unless the ESP or DSO are involved in the allegation – in which case, concerns must be reported to the DSO in the former case or the Chair of the Board of Trustees and the International Safe Person (ISP) in the latter;
13. Written records of suspicions or disclosures of abuse must:
- a) Be made as soon as possible after the incident or disclosure, ideally within one hour, so that they can be escalated as appropriate,
  - b) Contain, in the participant's own words, what happened, when, where and who was involved,
  - c) Contain a body map of any injuries where relevant,
  - d) Use full names, not initials,
  - e) Be signed by the person receiving the disclosure or bearing the suspicion,
  - f) Include the date and time that the record was written,
  - g) Detail the subsequent actions taken by the individual writing the report,
  - h) Be passed on to the ESP or DSO and only shared with others on a 'need to know' basis (at the discretion of the DSO),
  - i) Be stored in accordance with the below;
14. Data and information contained within written records of suspicions or disclosures of abuse must:
- a) Be stored in line with data protection legislation and EYPUK's privacy policy,
  - b) Kept for 2 years from the date of the event and then securely destroyed unless there is a compelling reason to retain them (e.g. an ongoing investigation);
15. Consent should always be sought by the DSO to share the information contained within records of concerns. If the participant is unable to consent, then consent should be sought from their parents, unless doing so would place the participant at risk. If consent cannot be given at all, then information should still be shared if there is reason to believe that to not share information would put a participant at risk;
16. If consent is not gained to share information, the DSO must record:
- a) The steps that were taken to try and get consent,
  - b) The participant's reasons for not giving or being able to give consent,
  - c) Why it was necessary to share information without consent;
17. The ESP and DSO are responsible for ensuring that the participant is kept informed, at all stages of the procedure, of who knows and what they know;
18. If the individual having experienced abuse wishes to benefit from specialised support, the ESP or DSO must ensure they are accompanied and offered support.

### **Chain of Reporting**

19. Incidents occurring during an EYPUK event are reported to the ESP. The ESP should escalate matters to the DSO where necessary;
20. Outside of EYPUK events, individuals should report all matters to the DSO. Individuals may also file a complaint with the Safe Core Team but it is advised that the DSO is approached in the first instance;
21. If the ESP is involved in the incident or the reporting individual does not feel that the ESP has handled the incident sufficiently, the DSO must be informed;
22. If the DSO is involved in the incident or the reporting individual does not feel that the DSO has handled the incident sufficiently, the Chair of the Board of Trustees and the ISP must be informed.

### **Standards of Behaviour**

23. All participants are obliged to behave in a way that is consistent with EYPUK's values and, in general, in a manner that does not negatively interfere with someone else's ability to benefit from and enjoy EYPUK events, or that negatively reflects on the organisation;
24. Bullying and/or harassment of any form will not be tolerated by EYPUK and will be subject to sanctions as outlined in this policy;
25. All participants at EYPUK events are obliged to treat everyone equally, avoiding both direct and indirect discrimination on the basis of age, race, ethnicity, gender, sexual orientation, family status, marital status, physical or mental disabilities or any other status;
26. All team leaders are responsible for creating and ensuring a safe and dignified environment for the members of their team. This includes, but is not limited to:
  - a) Ensuring individuals feel at ease, respecting their boundaries and not pushing them out of their comfort zone without their consent,
  - b) Maintaining and promoting a respectful attitude towards personal differences,
  - c) Rejecting any form of discrimination and exclusion, as well as shaming, humiliation or degradation,
  - d) Refraining from, discouraging or intervening when observing peer pressure to engage in any type of activity, including to share personal information or to engage in physical and sexual activities or the consumption of alcohol,
  - e) Avoiding sexualised activities or activities with an increased potential for harassment or bullying,
  - f) Creating an environment in which bullying or harassment of any kind are neither encouraged nor tolerated;
27. If they feel it is safe to do so, every individual should intervene to stop an inappropriate behaviour when observed, they should do so by:
  - a) Using feelings statements to express why the behaviour is inappropriate,
  - b) Making an alternative suggestion when possible,
  - c) Alerting the ESP or NSP/DSO;
28. No event official should ever administer medicine(s) to a non-official participant, even with the participant's consent, unless instructed to do so by a medical professional;
29. Adults, regardless of their role, must:

- a) Avoid placing themselves in situations which may be compromising or lead to a child being placed in a more vulnerable position, e.g. by being alone with a child (either in a physical room or an online chat room) in any circumstance,
  - b) Avoid behaviour towards children which may be interpreted as sexualised, for example by making sexualised jokes,
  - c) Avoid unnecessary or inappropriate physical contact with a child,
  - d) Not communicate with children outside of official channels pre-approved by the Event Safe Team,
  - e) Report any situation which could be subject to misinterpretation to the ESP or the DSO as soon as possible;
30. EYPUK has a zero tolerance for drug use, including illegal substances and legal highs;
31. Delegates must not consume alcohol at EYPUK events;
32. Officials may consume alcohol in a responsible manner, abiding by national laws and whilst being mindful of their responsibility to act as a role model, as well as in a way that does not reflect negatively on EYPUK. Alcoholic beverages that contain more than 15% alcohol by volume must not be consumed;
33. Officials may smoke only out of sight of delegates and must refuse if a delegate at any point asks them for a cigarette or lighter.

#### **Sexual and/or Romantic Conduct**

34. All official participants must promote and ensure a safe environment free from sexual harassment or abuse.
35. All participants must respect national laws setting the age of sexual consent, including the abuse of trust provisions in the Sexual Offences (amendment) Act 2000, which establishes a criminal offence of the abuse of trust of 16-18 year olds.
36. No participant should initiate or engage in any romantic, intimate or sexual activity with another participant who is under the legal age of consent, has not explicitly consented to engaging in the activity, does not have the capacity to give consent, or who does not have the freedom to consent.
37. Event officials are forbidden from engaging in any romantic or intimate activity with another person when they are in a position of trust in relation to that person. Event officials are therefore forbidden from engaging in any romantic or intimate activity with delegates or trainees.
38. Event officials are forbidden from engaging in any romantic or intimate activity with any person over which they hold a leadership/hierarchical position or in whose evaluation process they are involved.
39. Any breaches of Clauses 37 and/or 38 above must be indicated in the official's evaluation after the event.
40. The restriction placed in Clause 38 does not apply to prior existing relations, i.e. relations that had begun before an event. In such cases, the team leader and ESP should be informed of the relation as soon as possible before the event.

#### **Bullying, Harassment, or Other Harm**

41. Any individual suspecting or hearing a report of harmful behaviour must report their concerns following the relevant chain of reporting as outlined by Clauses 19-22.

42. If deemed appropriate and requested by the complainant, the ESP or DSO should contact the perpetrator to advise of the offending behaviour and the impact which it has on the individual, to ask that it discontinue, and to advise the perpetrator of potential consequences should the behaviour continue.
43. The ESP or DSO should inform the complainant of their options in reporting both within and outside of EYP structures, e.g. the option of making a complaint to the Safe Core Team and/or to the police.
44. Individuals alleging having been on the receiving end of harmful behaviour should not in any way be pressured or influenced in their decision to notify the police or legal guardians.
45. Any individual involved in bullying, harassment, or other harm will be subject to the sanctions outlined in this policy, which will be applied at the discretion of the DSO, with consultation of the ESP and the Chair of the Board of Trustees.

#### **The Prevent Duty**

46. EYPUK representatives have a duty to prevent young people from being drawn into terrorism, including both violent and non-violent extremism, in line with the Counter-Terrorism and Security Act (2015).
47. Adequate training will be provided to EYPUK officials to ensure that they are vigilant to signs of possible radicalisation and are able to challenge extremist ideas by reinforcing EYPUK's fundamental values of tolerance and respect.
48. When carrying out its obligations under the Prevent Duty, EYPUK maintains a fair approach by ensuring that it does not discriminate against any specific groups or types of individual.
49. Any concerns about extremist behaviour should be reported to the ESP, who should escalate to the DSO. Referrals to the Channel programme should be made by the DSO where appropriate.

#### **Allegations Against Representatives of EYPUK**

50. Violation of this policy will result in appropriate disciplinary action at the discretion of the ESP, DSO, Chair of the Board of Trustees, and, if appropriate, the event leadership. Measures will be

applied with an educational purpose or for the purpose of ensuring the safety of participants, rather than with a retributive purpose. Such disciplinary actions include, but are not limited to:

- a) Reprimands,
  - b) Expulsion from the event at the participant's own expense,
  - c) Mention of the behaviour in the participant's evaluation,
